Veritas m4.2 SE

Special Edition

Compact Sound Marvel

Compared to the basic model this speaker incorporates acoustic enrichments in nearly every aspect based on the experience we gained from our SE reference models.

For the m4.2 SE we use the Scan Speak Illuminator tweeter in an asymmetric custom made Phonar version.

The cabinet's acoustic properties have been substantially improved by adding a high damping material.

The crossover has also been redesigned and equipped with highest quality parts only.

Despite its compact dimensions, the Veritas m4.2SE sounds like a grown up loudspeaker giving a lot of musical details which makes the listening so easy and enjoyable.

Handmade in Germany

Technical Profile m4.2SE

Power (Watts)			90 / 125
Rec. amplification (Watts)			70 – 170
Construction			2 Ways
Efficiency (dB 1W/1m)			87,5
Frequencyrange (Hz)			38 – 40.000
Crossover Frequency (Hz)			2.200
Impedance (Ohms)			6 .
Tweeter (mm)	Carbon	Scan Speak	27
Deep-Midrange (mm)	HDS	Peerless	160
Dimension (mm)		Height	300
		Width	200
		Depth	280
Weight (kg)			9 .
Finishes:	mat black, walnut veneer high gloss white, high gloss black
