Veritas p4.2 SE

Special Edition

Outperformer in its class.

This speaker is the perfect choice for music lovers who do not want to miss the sparkling details of the music which makes sound so enjoyable.
The cabinet is coated by a highly damping sandwich construction which significantly reduces unwanted resonances.

The effects of edge diffraction were effectively minimized by the asymmetrical arrangement of the new custom made carbon tweeter made by Scan Speak.

Compared to the standard p4.2 a completely new designed and optimized crossover is responsible for a great sound enrichment.

A solid terminal with WBT binding ports including sound- and placement adjustment options make this product very adaptable.

Handmade in Germany

Technical Profile p4.2 SE

Power (Watts)			125 / 175
Rec. amplification (Watts)			75 – 200
Construction			2 1/2 Ways
Efficiency (dB 1W/1m)			86
Frequencyrange (Hz)			36 – 40.000
Crossover Frequency (Hz)			700 / 2.800
Impedance (Ohms)			4
Tweeter (mm)	Carbon	Scan Speak	26
Deep-Midrange (mm)	HDS	Peerless	130
Woofer (mm)	HDS	Peerless	130
Dimension (mm)		Height	927
		Width	190
		Depth	295
Weight(kg)			21
Finishes:	mat black, cherry veneer, walnut veneer high gloss white, high gloss black
