Veritas p9.2 SE

Special Edition

Power and harmony

This beautiful floorstanding speaker reproduces music in a way you surely have not heard in its price class before. The music is shown with a great deal of neutrality, as well as dynamism and stage presence which comes close to “you are there” live moments.

Core of the p9.2SE is the outstanding customized Illuminator tweeter from Scan-Speak delivering an exceptional accurate performance even under high load.

The cabinet is internally coated by a highly damping sandwich construction which significantly reduces unwanted resonances. The spikes mounted on massive aluminum arms underneath the speaker ensures a safe stand and a precise bass.

The crossover is equipped with superior quality parts including and level adjustment for the mid- and high-frequency range.

Handmade in Germany

Technical Profile p9.2 SE

Power (Watts)			180 / 250
Rec. amplification (Watts)			160 – 300
Construction			D‘Appolito
Efficiency (dB 1W/1m)			88
Frequencyrange (Hz)			24 – 30.000
Crossover Frequency (Hz)			280 / 2.700
Impedance (Ohms)			4
Tweeter (mm)	Radiator	Scan Speak	26
Deep-Midrange (mm)	HDS	Peerless	2 x 130
Woofer (mm)	HDS	Peerless	2 x 180
Dimension (mm)		Height	1100
		Width	205
		Depth	300
Weight(kg)			34
Finishes:	mat black, piano white, piano black piano walnut
